Bob,

Hoping we can get your help to get the process back on track. The path forward and timeline that the Region identified seems to be slipping away.

Region 6 just met with the Goliad Groundwater District on Monday and proposed a joint meeting between Region 6, UEC, TCEQ, and the Goliad Groundwater District for next week. We think it is odd to include the Groundwater District in that meeting. They have had countless chances to raise their concerns and they have, including the contested case hearing. Their issues have been addressed repeatedly during the review process.

That said, we agreed to do the meeting. But it now turns out the Groundwater District wants to wait until the end of August - long past the 30 day timeframe we were all working toward. The reality is the Groundwater District does not support this project and they seem intent on holding up the process.

How can we get back on track? Do you have a few minutes to catch up this weekend? Monday? Tuesday?

Thanks.

Best,  
Heather
